Dear Parent/Guardian:

It is time to meet and review your child's Response to Intervention Tier 2 progress data. As you know, your child has been receiving additional intervention support during the regular school day in one or more of the following areas: reading, math, and/or behavior. This support has been given as a supplement to the core instruction that a student receives in grade-level classes. Selection for extra intervention(s) and support is based on teacher recommendation and/or individual assessment data. During this review meeting, we will review supports/interventions, discuss data from progress monitoring, discuss your child's response to interventions, and agree upon the next steps for your child's educational supports.

**Please join us for your child's Response to Intervention Tier-2 progress data review on:**
