# Tracking RTI Data in Infinite Campus

Purpose

- Dekalb County is committed to reducing the number of students referred to special education.
- Tracking RTI interventions is the way that we will do that.
- Students who are in Tier 2 and Tier 3 will need weekly interventions.
- Interventions must be given 2-5 times per week, documented, and recorded in Infinite Campus for 12 weeks.
- Intervention documents have to be kept in a folder, scanned, and uploaded into Infinite Campus.
- This is non-negotiable.
- The following screen shots will show you how to record data in Infinite Campus.

Infinite Campus | District Edition

data points

Enter your data points here. You have to put the time the student was in your class, and record the interval that you observed them (10 min, 20, etc.). Give them a score based off the goal.

Finalize Intervention Plan(s)

You will be taken back to this screen when finished. Then, click close. The administrator, or RTI/SST will be able to see the data points when you are done. Please email Shenica Bridges Mathieu, and copy Mrs. Wynn after you have entered the data points so that they can check to make sure that they have been logged on the intervention plan. This must be done weekly if you are listed as an intervention specialist.
